ACTIVITIES during Period 2019/2020

✓ **Education : Skill Development Programs**

Computer and internet technology growing rapidly. And so many opportunities available in the field of Information Technology we decided to start computer literacy and skill development program for backward peoples.

- A computer software training center started in rural area.
- 546 Slums youth trained in Computer literacy and basic hardware.
- 1000+ Students will be provided quality education and practical orientation under a qualified training instructor.

In Next year Computer project is aimed to literate 213 students. Computer literacy is needed to sharpen and enhance their literacy and interest. These students lack access to computer education for reasons like - they are from rural areas and they are not affordable to pay for the fees and buy course materials.

Our mankind services are:

1. AIDS awareness program
2. Medical assistance scheme
3. Free eye camps
4. Child labor abolition propaganda program
5. Free education scheme
6. Awareness on human rights
7. Environmental camp
8. Vocational training program on computers & tailoring
9. Women harassment awareness program
10. Self-employment
11. Adult education program
